## Blender Code Club

**Tuesdays, 7 August to 11 Sept, 4pm - 5pm  
For: Primary School Students**

Blender is a free software programme which allows you to design 3D models and animate them. It is similar to the software that games designers use to create virtual 3D worlds and characters for computer games.

Each week you will complete a guided mini-project. The projects will increase in complexity as your skills develop. You will be learning together with the facilitator and your peers and having fun! This course is suitable for people who have never used Blender before. Previous experience in coding is not needed.
